

COURSE TITLE

ISO/IEC 42001:2023 ARTIFICIAL INTELLIGENCE MANAGEMENT SYSTEM (AIMS)

Introduction

ISO/IEC 42001 is an internationally recognized standard specifically developed for the Management of Artificial Intelligence Systems (AIMS). This standard can be applied to all types of organizations, regardless of their size or nature of their Artificial Intelligence (AI) applications.

Course Fees

Member: S\$684.52

Non-Member: S\$758.64

All fees stated are inclusive of Registration Fee & 9% GST

OBJECTIVES

The purpose of ISO/IEC 42001 is to provide a structured, transparent and reliable approach to managing AI systems to ensure conformity to ethical and regulatory requirements. Also, it sets out a structured approach to manage risks and opportunities associated with AI, balancing innovation with governance.

By applying this standard, organizations can demonstrate their commitment to responsible AI practices and gain trust among stakeholders.
